

CHILD CENTERED PLAY THERAPY TRAINING

Saturday 6/26/2010

Presenter: Karen E Pernet LCSW, Registered Play Therapist-Supervisor

Learn to enter a child's world through the magic of play, the language of children.

This workshop is for therapists, counselors, social workers and others who work with children ages 3 to 12 and who are interested in learning Child Centered Play Therapy (CCPT), a core skill for working with children who are experiencing difficulties and/or trauma. This humanistic therapy is based on the premise that growth and healing develop from fully and completely accepting the child exactly as she or he is. In this highly experiential small group training of 6 participants you will learn & practice

- ❖ The 8 principles of CCPT
- ❖ Following the child's lead
- ❖ Responding empathically
- ❖ Providing a safe structure and selecting toys appropriate for CCPT
- ❖ Doing imaginative role play with the child as the "director"
- ❖ Setting limits in a way that develops responsibility
